Serial No.

In his letter No 935 dated the 4th May, 1897, submitting proposals for the revision of the Medical Deptt, the Senior Surgeon called the Civil Surgeons as District Medical Officers (Please see paras 11 and 12 of this letter.)

In his note on the above subject the then 2nd Dr (and now Dewan) proposed the substitution of District Surgeons for Civil Surgeons No further action was then taken on this subject

File No 38 of 1896-8

Key Q

In his letter No 1010 dated the 28th August, 1900, para 4, forwarding to Govt two letters from Dr S V. Ramaswamiengar for promotion, the then Senior Surgeon (Major Smyth I.M.S.) reported "The mode of address of our Civil Surgeons is also wrong. They should be addressed "Distt Surg" And a Distt Surgeon might be either

either a Civil Surgeon or an Assistant Surgeon." Upon this, the Senior Surgeon was asked to submit definite proposals touching this and another question then pending. Beyond this, the subject in question was not then further dealt with.

Flags P.O+A.

In his letter No 3610 dated the 18th February, 1901, on the subject of transfers of certain Medical Officers the Senior Surgeon had made use of the designation "Distt Medical Officer". After demi-offl Correspondence on the subject between the Senior Surgeon and the then Secy (now 1st (x)), the former was requested not to use in offl Correspondence designations not officially recognized

File No. 37 of 1904-05

Serial No.

The proposal of the Sr. Surgeon to designate the medical officers in charge of districts as "District Surgeons" does not command staff to me as different classes and grades of officers of the Dept. are found in medical charge of districts & consequently as permanent designations of rank they require. Civil, Assistt. and Sub Assistant Surgeons are at present in medical charge of districts. The use of the common designation now proposed will not enable me to differentiate the class or grade of

MGCPB—10,000—19-1-04

Serial No.

such officers and it may also create a claim for a charger or travelling allowance equal to that allowed to the officer belonging to the highest class or grade who may also be entitled. This may of a common term to designate officers of different grades is pernicious objectionable. The practice now in vogue of designating the officers according to the class or grade they belong to as Civil, Asstt. or Sub Asstt Surgeon in charge of a district as the case may be, appears to be unexceptionable. The Ex Surgeon

Order 3077 C.S.R.

30.7.1904

C.48 Col Cuyler idea [illegible] to change is make the District Medical Office

MGCPB-10 000—19-5-01

The District Sanitary Officer as well
what his duties in each of these
capacities are, must be
defined - The designation
District Surgeon does not
seem suitable - " Medical and Sanitary Officer "
and Sanitary Officer " District would be better than " District
Surgeon or Civil Surgeon
..... District " or " Asst
Surgeon in charge ---- District
or " Sub Asst Surgeon in charge
District " - But I cannot think
even this change is really called for
As to allowances, I believe
there is an order regulating
the rate at which it should be
drawn by an Asst Surgeon in
charge of a Civil Surgeon's
duties & by a Sub Asst Surgeon in
charge of an Asst Surgeon's
duties - ~~[illegible]~~
~~[illegible]~~ there doubt & difficulties
are however not unlikely to
arise - All things considered I
agree with the 2d Cr that a designation
of duties would better secure the
object in view than a change of
official designation -

General No. G 592
No.

Enclosure No. Nil

Proposing that the Medical Officer in charge of a District be henceforth designated "The District Surgeon" for reasons given.

No.G. 592 Dated 6th June 190-

From

Lt. Col. John Smyth M.D.,I.M.S.

Offg.Senior Surgeon and Sanitary Commissioner with the Government of H.H. the Maharaja of Mysore, Bangalore.

To

L. Anantasamy Rao Esqr B.A.,

Offg.Secretary to the Government of H.H. the Maharaja of Mysore, General and Revenue Departments, Bangalore.

Sir,

I have the honor to bring to the notice of government the undefined position of the Medical Officers in charge of Districts.

2. It does not appear that these Officers have hitherto regarded themselves as being definitely in charge of their respective Districts. In one case one of them wrote to me saying that he was unaware of any orders requiring him to visit the Dispensaries in his District. In anothe case, that of one of the most senior officers some of his dispensaries had not been visited by him for 10 or 12 years, and he had visited others only when specially required to do so.

3. I think this is a very unsatisfactory state of affairs In these officers we have an excellent decentralised sanitary agency which has hitherto been hardly at all utilized.

4. I therefore propose that the Medical Officer in charg

of a District be henceforth designated."The District Surgeon", that his duties be both Medical and Sanitary; that he inspect every dispensary in his District at least once a year or twice if a particular Dispensary require it; and that one of his most particular cares shall be to enquire into the work of vaccinators, and have produced before him in any village he may choose such children (as far as possible) as the Vaccinator may claim to have vaccinated during the interval that shall have elapsed since the District Surgeon's last visit.

5. All such reports to be of course submitted to me.

I have the honor to be,

Sir,

Your most obedient servant

M.D.
